Simon Wiesenthal Center
9760 West Pico Boulevard
Los Angeles, California 90035

Gentlemen:

I have just recently been forwarded by a friend, a copy of the membership form to the Center. I would very much like to make a contribution as a Memorial to my late husband,

B6

B6 as first cousin to Raoul Wallenberg (their Mothers were sisters) and spent much time with him both in Europe and the United States when they were young, including bycycling during vacations here and in Europe. In temperment they were very much alike, both going about helping people who were disadvantaged by times, systems or circumstances. Fitz was a Doctor of Law (but never used the title), and employed his knowledge to help those he came in contact with, which is the most satisfying but usually not the most lucrative.

Fitz cherished for years, an article published by Readers Digest (1945-46), concerning the fate of Raoul, and although very ill at the time, watched with avid interest and a few tears, the story presented by 60 Minutes about Raoul. I am heartbroken he could not have lived long enough to see Richard Chamberlain portray his cousin on television, this year.

Any information you might have concerning the whereabouts of Raoul would be appreciated. I want to see him returned to his family, putting an end to their many years of agonizing. My husband was a quiet man and did not talk that much about his early life, but I do know he cared greatly for the family he had not seen for years. It was his intention to make a trip to Sweden and follow up on Raoul, but his health did not permit this journey.

Please accept this contribution as a token of his continuing love for Raoul and all of mankind, and your continued efforts to ensure the safety and future of us all.

Sincerely,

B6
